About me

Motivated Computer Science student with a strong foundation in programming, data structures, and software development. Proficient in C++, Python, and web technologies with practical experience in academic and personal projects. Skilled in problem-solving, debugging, and writing clean, efficient code. Eager to contribute to innovative projects and continuously expand technical expertise.

Education

Bachelor of Computer Science
Intermediate in Computer Science
Matriculation

February 2024 - Present
Punjab College
The Educators

Projects

E-commerce Website Development
Built a fully responsive e-commerce website featuring product listings, user authentication, cart management, and basic payment simulation using front-end and back-end technologies.
Technologies Used: HTML, CSS, JavaScript, Node.js

Personal Portfolio Website
Designed and developed a personal portfolio to showcase projects and skills, focusing on responsive design, clean UI/UX, and cross-browser compatibility.
Technologies Used: HTML, CSS, JavaScript, Visual Studio Code

Achievements

- Secured a GPA of 3.49/4.0 while balancing multiple tech projects and learning new technologies.
- Completed several mini-projects and problem-solving challenges using Python, C++, and Java, strengthening algorithmic thinking.
- Successfully completed a Python Programming certification from eHunar, a government-recognized digital skills platform.
- Continuously practicing DSA and coding challenges on platforms like HackerRank and LeetCode.

Tech Skills

- Python, Java, C++, Data Structures, Algorithms, HTML, CSS, Web Development, Problem Solving
